Implementation of the EMS Education Agenda

Information List Serve Now Available!!

(December 7, 2009 - Falls Church, VA) With national organizations, vendors, and several states well engaged in implementation activities, anticipation and excitement is building throughout the EMS community that the *EMS Education Agenda for the Future: A Systems Approach (Education Agenda)* is now becoming a reality!

The National Association of State EMS Officials (NASEMSO) announces the availability of a new list serve open to all EMS stakeholders to learn more about national implementation efforts related to the *Education Agenda*. Although anyone will be able to subscribe to the list serve to receive information, NASEMSO will facilitate all postings and requests to minimize the ability for spammers to access the list. The goal is to help connect individuals and organizations with resources and to provide access to information related to the *Education Agenda* such as new documents, survey results, best practices, and other materials *as they become available*.

Individuals and organizational representatives, including those who are not members of NASEMSO, are invited to subscribe to NASEMSO's EMS Education Agenda Implementation List Serve. To subscribe to the list, users will have to send an email to lyris@lists.nasemso.org with the subject of the email containing "subscribe emseducationagendaimplementation nasemso2009" (without the quotation marks.) When you send an email, you will get an email back asking to confirm their email address. The subscribing member will simply need to reply to the email in order to be added as a member.

For more information, please contact NASEMSO Program Manager Kathy Robinson (robinson@nasemso.org.)
